Thanks – and I was thinking we could get the contact person a potato-ish list, something like the following:

OPP/BEAD (Kimberly/Thuy)

- Lab support issues
- Testing Methods

OPP/RD

- Product specific questions
- Inert list

OPPT (Widawsky & Helfgott)

- Container specific questions (e.g., HDPE, recycling)
- Interactions with FDA

Jeff/OCSPP IO

- PFAS definition
- Agency approaches
- “What are you doing about it”-type questions

Croplife/Companies, cc: OCSPP IO

- Where is it coming from?
- Is x product OK to use?

FYI - I spoke with Haley this morning to identify a person to be a POC and help triage actions/requests that come in whether Rhina or someone else.

She was agreeable and will follow up with me.
